Offering a complete range of services to our clients from feasibility studies, programming and planning to full-service design solutions, our specialized expertise and industry insights help advance the design and performance of government facilities. Our experience with federal agencies, including the GSA and the military services, gives us the ability to offer proven approaches, assessments, and delivery of projects on time and within budget. We maintain an in-house contracts division with extensive FAR experience to ensure our compliance with all federal contracting and reporting regulations.

Our goal in serving federal agencies is to be a valued and trusted partner sharing in the mission of government service to our country’s people.
“[Dewberry’s] flexibility and willingness to ‘do whatever it takes’ sets them apart from the rest and helps distinguish Dewberry as a consultant of choice

Patrick McLaughlin, Chief, Environment & Natural Resources Division
U.S. Department of Justice
From nationwide service and planning contracts to individual project commissions, our architects have the presence and experience to serve the federal government with innovation and efficiency.
